Quality Assurance Engineer

Kathmandu, Nepal — 9813300095 — salinashresth0827@gmail.com — LinkedIn

SUMMARY

Detail-oriented Quality Assurance Engineer with hands-on experience testing web, mobile, and Shopify-based applications. Proficient in designing and executing test cases, reporting defects, and ensuring consistent user experience across devices and browsers. Well-versed in SDLC, Agile methodologies, and defect management, with a strong track record of cross-functional collaboration, thorough test documentation, and delivering reliable software on schedule.

WORK EXPERIENCE

Cartmade Ecommerce Pvt Ltd, Kathmandu, Nepal

Quality Assurance Engineer

Feb 2026 – Present

- Designed and executed comprehensive test cases, test scenarios, and test data based on business requirements and user stories for Shopify websites and Shopify applications.
- Performed functional, regression, smoke, UI/UX, cross-browser, and responsive testing to ensure high-quality performance across Shopify-based e-commerce platforms and custom apps.
- Conducted end-to-end testing of critical e-commerce workflows including product listings, collections, cart functionality, checkout process, payment gateway integrations, order processing, and customer account management.
- Validated Shopify app integrations and mobile responsiveness to ensure seamless user experience across multiple devices and browsers.
- Collaborated effectively with developers, designers, and project managers in Agile environments to identify, prioritize, and resolve defects efficiently.
- Logged, tracked, and managed defects in ClickUp with detailed reproduction steps, severity classification, screenshots, and supporting test evidence.
- Actively participated in Agile ceremonies including sprint planning, daily stand-ups, and sprint reviews, contributing to smooth project delivery.
- Executed manual testing to ensure software quality, usability, and consistency prior to production releases. .

TAI INC. Pvt.Ltd, Kathmandu, Nepal
